OUR MOBILE DENTAL UNIT

WINTER 2025

Mobile Care in Action

We've been busy over the last few months delivering dental care where it's needed most across Cornwall. Our Mobile Dental Unit attended a new site in Falmouth at Pendennis Leisure Centre – and even enjoyed a few Halloween treats along the way (you can spot the team on the right!).

Our outreach team has also been out and about at veteran hubs across Cornwall, offering oral health advice and support. These sessions have led to dental examinations and treatment being booked on the Mobile Dental Unit for several veterans with our dentist Vinny, which has been a really positive outcome and a great example of care reaching those who need it most.

Are you a fisherman or
a veteran without a
regular dentist?

You may be eligible for a dental check-up through our Mobile Dental Unit. Scan the QR code for more details.

Ready for All Weathers!

We were also pleased to receive our new branded raincoats, which have already proved much needed in the ever-changeable Cornish weather while we're out and about. Expertly modelled by Dentist Vinny and Dental Nurse Cindy, they're helping keep the team dry, visible and ready to deliver care wherever the Mobile Dental Unit takes us.

THIS WINTER..

Our Mobile Dental Unit has continued to travel across Cornwall, providing vital dental care to patients on the NHS waiting list and supporting local fishing communities. Alongside our existing locations, we also visited Mevagissey Harbour and attended a new site in Falmouth at Pendennis Leisure Centre.

COMING UP...

Our Mobile Dental Unit will continue its journey across Cornwall in the New Year. We're planning to return to all our previous locations, while also visiting new sites at Newquay Harbour and Newquay Morrisons. We'll continue to support a range of patients, including local fishing communities, veterans, and those on the NHS waiting list, helping to improve access to essential dental care and oral health support across the county.
